

1. **What is NOSTT?**

The National Open School of Trinidad and Tobago (NOSTT) is an educational programme which uses a blend of conventional and distance education methods and allows learners to choose how to learn, when to learn, where to learn and what to learn using a wide range of educational media. It is complementary to the formal education system; however, it emphasizes entry skills knowledge, abilities and competencies rather than qualifications.

Open Schools play a vital role in providing people of all ages with learning opportunities that are diverse, flexible, accessible, inclusive, learner-focused and responsive. It facilitates those who may have missed out at an earlier stage or those who may simply wish to further their career goals or personal development by offering more diversified curricula.

Yes as a NOSTT learner you will be required to submit assignment as required by the course of study.

17. **Where are NOSTT courses offered**

NOSTT courses are offered at schools in every educational district through out Trinidad and Tobago.

18. **What is the different about NOSTT?**

NOSTT classes utilise the teaching and instructional methods of the open school system and are influenced by its dependence on multi-media instruction and the following **unique characteristics of open school students**:

- Wide variation in age, experience, learning skills, reading skills and life skills;
- Independent, self-propelled and self-motivated learners;
- Less time available for study than a full-time student.

Open learning depends largely on **self-study materials**, usually prepared in modular formats so that flexibility can be maintained. The basic feature of self-study material is its carefully structured presentation designed to make learning easy and effective. Information is presented in small segments with intermediate checks to monitor learning.

The **use of electronic media** is an integral component of open school instruction. The technology intervention strategies include one way communication technologies such as radio, television, print (study guides and newspaper); which will be supplemented by the more effective interactive technologies like audio- and video- conferencing, tele-conferencing, interactive television, computer-managed learning, and intelligent tutoring systems.

19. **Is NOSTT only available to repeaters?**

NOSTT is available to every national and citizen of Trinidad and Tobago regardless of age, ethnicity and educational qualification.

20. **Is it possible to be employed and still enrol in NOSTT?**

Yes, you can be employed and still be enrolled in NOSTT courses.
